Republic Services Obligations Pertaining to Illegal Dumping & Litter in North Richmond

Republic Services is required, pursuant to Land Use Permit (LUP) 2054-92 & 2053-92 and Conditional Use Permit (CUP) 1101132, to conduct or participate in the off-site activities described below. Republic Services is also required to carry out additional illegal dumping abatement and prevention activities in order to be in compliance with the City and County held franchise agreements.

USE PERMIT REQUIREMENTS (COUNTY # 2054-92 & 2053-93 / CITY # 1101132)

There are also a number of use permit requirements related to litter prevention and dumping which are generally summarized below. All use permit requirements are included under Tabs 9 and 10 of the Committee's Resource Binder.

<u>Agency Coordination</u>: Republic shall participate in County and City task forces and pilot programs established to address illegal dumping in North Richmond and adjacent city areas.

Off-Site Debris and Litter Policing: Republic provides weekly debris and litter clean-up of Parr Boulevard from the Richmond Parkway to the facility entrance, and on other access roads as directed by the County and City. Republic removes debris and litter on Pittsburg Avenue on a weekly basis and on the Richmond Parkway from Parr Boulevard to the Wildcat Creek bridge every other week. (See "Map of Illegal Dumping Hot Spot Zones from EIR" located under Tab 8 of the Committee's Resource Binder.)

- Cleanup of roads within "Hotspot Zones" shall be provided as of April 1, 2005. Republic
 has dedicated one 25-yard rear-loading compactor truck with a two person crew solely
 dedicated to cleaning up illegally dumped material in North Richmond (City and
 unincorporated areas) for eight-hours every Monday through Friday. The "Hotspot
 Zones" were originally identified in Table 4-3 and Figure 4-5 of the WCCSL Bulk
 Materials Processing Center and Related Facilities EIR but are subject to change.
 Currently, the area serviced by Republic includes all of the areas identified in the EIR as
 well as most of the residential areas in North Richmond north and west of the railroad
 tracks. (See "Map of Roads Serviced by Republic/RSS Crews" located under Tab 8 of
 the Committee's Resource Binder.)
- Republic accepts illegally dumped waste that was collected in the public right-of-way in the North Richmond area, using County or City vehicles, free of charge. Republic has established specific accounts to be used by City and County crews specifically for waste picked up from the right-of-way in the North Richmond area.

<u>Littering Signs</u>: Republic has installed and is responsible for maintaining signs noting littering and illegal dumping laws and penalties along Parr Boulevard (the main access road to the facility), and the following other access roads:

- Richmond Parkway, from Parr Blvd. to Gertrude Avenue
- Pittsburg Avenue, from Richmond Parkway to 3rd Street
- Garden Tract Boulevard, south of Pittsburg Avenue
- Market Avenue, from 1st Street to the S.P.R.R. tracks
- 3rd Street, from Market Avenue to Grove Avenue

- 5th Street, from Verde Avenue to Chesley Avenue
- Battery Street, from Alamo Avenue to Vernon Avenue
- Kelsey Street at the S.P.R.R. tracks

<u>Hotline</u>: The facility operator shall establish a toll-free Illegal Dumping Hotline phone number for use by residents and businesses to report incidences of illegal dumping in the North Richmond area, unless a hotline has already been established by the County. The County already has an illegal dumping hotline established, 1-800-NO DUMPING. This hotline phone number is prominently listed on all littering signs. Referrals are to be investigated by Republic within one business day and verified incidents of illegal dumping are to be collected within 24 hours of verification.

Reporting Requirements: Republic maintains records regarding all complaints/reports and actions taken to respond including locations, dates, and times. Records shall be made available to the County or City upon request.

<u>Covered Loads</u>: Republic shall post sign(s) to notify customers that all loads must be covered. Republic shall notify transfer truck operators that anti-litter screening on transfer trucks is required and that the screens must be maintained in good working order.

On-Site Litter Control: Republic has installed and must maintain litter screening system of fencing and landscaping. Republic has a litter control program in place for the landfill and Bulk Materials Processing Center. Republic shall amend the litter control program, subject to approval of the City Planning Department and County Community Development Department, to include provisions to prevent litter from haulers using the Waste Recycling Center.

CITY COLLECTION FRANCHISE AGREEMENT REQUIREMENTS

On-call Clean ups: Residential customers in City can schedule two on-call clean ups per year (two free on-call pickups of up to 15 32-gallon bags of extra waste)

City-wide Clean ups: Debris boxes are allocated for two city-wide clean up days

<u>Free Disposal:</u> City is allowed to dispose of materials (wastes generated by municipally owned properties)

COUNTY COLLECTION FRANCHISE AGREEMENT REQUIREMENTS

On-call Clean ups: Residential customers in City can schedule two on-call clean ups per year (two free on-call pickups of up to 15 32-gallon bags of extra waste)

<u>Community Clean ups:</u> County is allowed to use equivalent of ten 20 cubic yard drop boxes per year for community clean up events throughout the unincorporated area of West County regulated under the County/RSS Franchise Agreement

<u>Free Collection from County Buildings:</u> County is allowed to designate which County buildings in the franchise area are to be provided with free collection service (pass-through cost to ratepayers)
